- 25X1 1. As of December 1951 the Zeran and Lublin factories had assembled only a few trucks from parts imported from the USSR. Motorcycles in the Warsaw factory were constructed from scrap parts obtained from metal goods factories at Kielce.
- 25X1 2. The production of automobiles and motorcycles has ceased as a result of a shortage of raw materials, in particular, tensile tested (drawn) steel, aluminum, copper and non-ferrous metals. There is also a shortage of certain machinery and electrical equipment.
